[Championship #4 - Flat Rock Trails - Columbus, GA 5-21//22-16](#)

Another great day of racing in the GSC series, the weather, the trail and the racing! The 7 mile course was in great shape thanks to the **CVA Sorba club** and the Friday rains only made it better. On Saturday the series short track event was held at 4pm with the white wave starting first and it was Noah Willaims taking the win on the last lap of the 3/4 mile mix of single track and dirt road. In the yellow wave it was Dustin Greer with a late race push to take the win in the advanced wave which was 15 minutes plus 1 lap.

On Sunday **Mose Howard** was the top male rider as he battled with Dustin Greer for most of the race and **Kayley Burdine** won the women's class. Many thanks again to the CVA Sorba club for preparing the trails and working the road crossings and to all of the sponsors but especially the **Bike Shop of Columbus** who provided over \$2000 in goods to the racers.
